POLICY DOCUMENT FOR DIVYANGS

As per the guidelines given by the UGC dated on 14 January, 2019, the college takes enough care of the Divyangjan. Actually there is One divyang in the college but basic infrastructure is made available for them. It has been felt that differently-abled persons need special arrangements in the environment for their mobility and independent functioning. It is also a fact that many institutes have architectural barriers that disabled persons find difficult for their daytoday functioning. The colleges are expected to address accessibility related issues as per the stipulations of the Persons with Disabilities Act 1995, and ensure that all existing structures as well as future construction projects in their campuses are made disabled friendly. The institutes should create special facilities such as ramps, rails and special toilets, and make other necessary changes to suit the special needs of differently-abled persons. The construction plans should clearly address the accessibility issues pertaining to disability. Guidelines on accessibility laid out by the office of the Chief Commissioner of Disabilities. The college maintains proper washrooms , restrooms and ramp for its differently-abled students.
